EXPERIENCE

Associate Software Developer

Vistaar Digital

June 2022 – Present

Borivali, Mumbai

- Supervised and motivated a development team, consistently achieving and exceeding project goals and deadlines.
- Manage key client accounts, maintaining strong relationships and ensuring clients satisfaction.
- Participated in Agile development processes, attending daily stand-up meetings and sprint planning sessions.
- Developed Enablrsales.com, an innovative web platform engineered to elevate sales efforts through the seamless integration of cloud-based eDetailing services, leveraging advanced HTML, CSS, and PHP technologies.
- Architected a Bedrock-powered WordPress website to showcase the exceptional web development and marketing expertise of a prominent digital marketing IT company.
- Contributed a WordPress website for the Indian government, featuring dynamic charts and nested JSON data to illustrate weather and energy information, supporting India's energy transition initiative.
- Engineered a robust Laravel CMS with extensive API integration to ensure efficient data management and seamless user interactions on a React-based frontend.
- Collaborated on a Laravel CMS to streamline club activity management, featuring e-detailing support and a suite of analytics, offering users the flexibility to apply customized data filters.

PROJECT

E-Commerce Platform

- Designed and developed a WordPress WooCommerce website for online pandit booking and the sale of pooja samagri products, managing the full project lifecycle from requirements to deployment.

Game Development Platform

- Designed and developed a dynamic WordPress gaming website offering end-to-end game development services, from concept to launch.
